

What are you doing with customers who can't qualify for financing?

The next time your local bank or leasing company declines one of your potential customers, give us the opportunity to finance your **lost business**.

Structure:

- 1) We execute and fund a "Non-Cancelable" lease agreement.
- 2) We professionally bill and collect all payments in a timely manner.
- 3) We take care of filing the UCC liens along with being responsible for the Sales, Use and Property Tax associated with the lease.
- 4) We're able to pay you for most and sometimes all your fixed costs upfront.

Funding Example – 30% of the invoice is paid at funding. Remaining 70% is paid monthly over the term of the lease. **(Amount paid at funding will vary depending on the credit of the customer. Term can vary from 12 to 60 months)**

Benefits:

- 1) Close a sale that was previously lost!
- 2) Your sales rep(s) earns a commission 😊
- 3) Initial funding covers costs, zero risk!
- 4) Remaining \$ is a "booked sale" and **added to your Accounts Receivables**.
- 5) You now have a happy customer who will refer you more business.
- 6) **After a history of timely payments, we're often able to pay off the entire outstanding balance.**

Partners Capital is one of the largest privately-held companies in the United States that specializes in equipment financing.

Direct Lender in all 50 States since 2005
